

Aquasyn California

High Purity Diaphragm Valves

Custom Valve Design

Exceptional Capabilities

Customized and hybrid valve assemblies for unusual applications have been Aquasyn's forte since its inception. We don't think anyone does it quite as well. Call us when you need it done right and on time the first time.

Unique Applications

- Special end connections, configurations and material
- Innovative designs assist in providing application specific process solutions
- Sole source responsibility from concept through production
- CAE design in state of the art 3-D formats in NX-Ideas, SolidWorks & AutoCAD
- Fully detailed drawings for review and approval
- Rapid customer turnaround with concepts, drawings and production
- Exotic materials a specialty
- Expert fabrication, welding, and polishing by skilled craftsmen
- Advanced machining capabilities optimize manufacture of complex assemblies
